GOVERNMENT OF MYSORE

Bangalore,

Sept. 9' 1898.

Dear Sreenivasiengar

The proposed Epidemic Diseases Hospital consists of 7 or 8 corrugated iron buildings & some Latrines, for the accomodation of male & female patients,& their attendants; it includes also police lines & cook houses. The total estimates have been worked out to a little over Rs. 4000. The fixed establishment would consist of 2 male & 2 female ward servants,whose pay would be about Rs.IO a month,each; 2 toties on Rs.8 each a month, & a cook on Rs. IO a month: total cost of establishment Rs.66,a month.

Hospital furniture such as cots, night-soil buckets, basins, blankets &c. may cost, roughly, Rs.500; the purchase of these articles might be left to the Special Magistrate,who would no doubt buy them at the lowest rate consistent with utility.

The Medical Officer for this hospital would be sent by me, at any time, on requision by the Specl. Magt. & medecines,disinfectants&c. would be supplied from the Medical Stores, on the same requisition.

The amount therefore that Govt. is required to sanction may be taken to be Rs. 5000, & the pay of the establishment as stated.

The proposed hospital could be opened in about three weeks time&,from the reports received regarding the absence of proper preparation for the recent Cholera out-break, on the Gold-Fields, I certainly think sanction should be accorded at once, for the amounts mentioned.

I may point out that Govt: sold the former permanent Epidemic Diseases Hospital, erected under the orders of Surg. Col. Mc Gann, for Rs.4000.- its original cost having been Rs.6000.- to the Mysore mine; this sum therefore may very well be utilised for the new buildings.

Yours sincerely

READ—

Letter No. 607, dated the 2nd September 1898 from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

I have the honor to acknowledge receipt of the Proceedings of Government and order thereon No. 2498-502 Mis. 597, dated 23rd August 1898.

In para 3 of the Proceedings the Government say that the Deputy Commissioner should have placed himself in communication with the Senior Surgeon in regard to suggestions made in paras 6, 7, 9, (first part) and 10 of his letter.

2. In reply, I write to say that the suggestions contained in those paras were the result of our visit to the Gold Fields, and that, but for the out-break of Plague the day after my return, I had intended addressing Government on these very points.

3. With regard to para 6, I think, it is quite time that Government came to some definite conclusion as to the needs of the Kolar Gold Fields. Out-break after out-break of cholera occurs and yet no definite action has been taken; and in a place like the Gold Fields, I consider that a permanent Epidemic Disease Hospital is absolutely necessary with a fixed establishment and appliances, that is, disinfecting apparatus, &c.

4. With a man like Mr. Hume Wright as Special Magistrate, one who spares no pains in working after sanitation, I am of opinion that a hospital, as asked for, would be well looked after.

5. At my visit to Ooregum with Mr. Hume Wright some two months back, I inspected with him the Ooregum village and I then expressed it as my opinion that a certificated Sanitary Inspector was essentially necessary. Mr. Hume Wright pointed out to me one of the Sanitary Overseers, who, he said, did excellent work; the man had passed his Matriculation and so I recommended that Government should be asked to sanction his being sent to Madras to take the necessary course, and I think this has been done. This man might well be appointed whole-time Sanitary officer when he passes his Examination: and if placed under the orders of the Special Magistrate, could easily attend to the sanitation of Ooregum and other villages and the cholera camp. I do not think a whole-time Hospital Assistant is required for charge of the camp; as the Hospital Assistant in charge of the proposed L. F. Dispensary could, until an extra hand is sent, look after any cases of cholera in the Epidemic Hospital.

6. I quite agree that the opening of a L. F. Dispensary at Ooregum is advisable and if Government approve of the suggestion, I shall arrange to depute a Hospital Assistant.

No. 3382-85—Mis. 898, DATED BANGALORE, 9TH SEPTEMBER 1898.

ORDER THEREON.—The opening of an Epidemic Diseases Hospital at the Kolar Gold Fields with a fixed establishment and the requisite appliances such as a disinfecting apparatus, &c., and of a Dispensary at Ooregum are sanctioned. The Senior Surgeon is requested to entertain at once the establishment required

for these institutions and obtain the appliances necessary, and submit for the sanction of Government a statement of the cost involved.

2. A Hospital Assistant may, as proposed, be deputed for charge of the Dispensary to be opened at Ooregum, and required to look after any cases of cholera in the Epidemic Hospital, until an extra hand is sent.

3. The deputation to Madras of Sanitary Overseer Rajagopal Mudaliar to undergo a course of training in Sanitary Science has been sanctioned in Proceedings No. 3359-60—Mis. 832, dated 9th September 1898. On his return with a certificate of qualifications he may be appointed whole-time Sanitary officer, and placed under the orders of the Special Magistrate, Kolar Gold Fields, to attend to the Sanitation of Ooregum and other villages, and the Cholera Camp.

Enclosure No 2

Sir,

Adverting to this office docket No 802/582 dated 22nd August last and its subsequent reference No. 1372/997 dated the 29th September 1898, requesting that the formal sanction of Government may be obtained for the estimates &c Connected with the Epidemic Hospital now under construction at the Kolar Gold Fields. I have the honor to state that as the work was considered urgent and was ordered to be completed in anticipation of Government sanction it was put on hand, and a bill for Rs 3090/- has been now submitted by the Contractor The buildings have been completed and the Special Magistrate now requests that the Hospital may

may be floored with Cuddapah slabs, and an additional corrugated iron zinc shut shed constructed for the use of the attendants of the said building. Estimates for Rs 422/- for this purpose together with Copy of Special Magistrate's docket No. 160 dated the 18th October 1898 is therefore forwarded for favour of Counter-signature and Sanction of Government.

2. The Special Magistrate reports that the Contractor of this, and other buildings on the fields, has executed work to a very large extent, and that about Rs 4000/- should be advanced to him to enable him to proceed with the remaining work.

3. As the sanction of Government has as yet been received for the estimates referred to in the first para of this letter, I beg you will be good enough to move the Government for the very early sanction of the estimates submitted and amounting to Rs 4557-2-9

Enclosure No. 7

His docket No: 3021 dated the 6th instant returning certain estimates connected with Epidemic Hospital at the Kolar gold fields and inviting attention to Government proceedings No: 8846-7 M-3 898 for an explanation of the deduction made in the Estimate.

In reply, has the honor to state that the deduction viz Rs: 202 referred to in the abstract is the discount at

at 10% of which the contractor Mr Burke is willing to permit in favor of government. A similar deduction has been made in the previous estimates for which sanction is stated to have been accorded.

2 Requests that he will be good enough to for-
- warded the sanctioned estimates as an advance has been made to the contractor and an adjustment is to be effected.

3 The enclosures received with his docket under reply except copy of government proceedings are herewith retransmitted.
